Subject: - Reflecting the contact number of IEM on the tender – reg.

Reference telephonic conversation with Shri Hem Kumar Pandé, IAS(Retd.), Independent External Monitors (IEM) for MES & BRO. Shri Pandé informed that he was receiving lot of calls from prospective bidders seeking clarifications about the tenders issued by MES & BRO, perhaps because the tender documents have not clearly identified the person to be contacted for any clarification regarding the provisions of the tender or alternatively the contact number given was not responding to such prospective bidders.

2. In view of above, it is requested that appropriate necessary action may be taken by the competent authorities/nodal officers for Integrity Pact to ensure that unwarranted calls are not made to the IEMs.
