USE OF INCORRECT ARMY CREST

1. It has been observed with concern that large number of Army Crests displayed by various fmns and Dtes are not as per the correct and approved pattern. It is re-iterated that Army Crest displayed should be as per the approved pattern as below. The angle between the swords should be 110° and the left sword should be over the right sword.

2. Please ensure that all incorrect Army crests displayed are corrected.
